DYNAMICS, GEOMORPHOLOGY AND EVOLUTION OF COASTAL DUNES

Professor Patrick Hesp

Short Course, 16th to 18th of September 2024, FURG, Rio Grande, RS, Brazil

Auditório João Rocha Base Oceanográfica- FURG-Campus Carreiros

8:30-12:00 e 14:00-17:00

Short Course on the Initiation, Dynamics, Geomorphology and Evolution of Coastal Dunes by the world expert on coastal dunes.

Includes 2 days of lectures on all coastal dune types, coastal barrier models and evolution, surfzone-beach-dune interactions, and the role of climate in driving dune evolution, and a 1 day field trip.

Inscrições até 31/08/2024
